BOMAN

Chi Alpha Campus Missionaries :: Ball State University :: June 2011

Introducing...the Ball State Chi Alpha Staff Team

God has been so good to bring two young people to join our staff team as we help establish Chi Alpha at Ball State! They will both be working with us full-time and are presently raising their financial support. Let us know if you're interested in joining one of their support teams! **Please pray for James and Mercy as they make this leap of faith and ask God to form a good team relationship from the start.**

James Snouwaert

James grew up in Lafayette, IN and earned a bachelors in accounting from Purdue University . He was part of getting Chi Alpha started at Purdue and was in Josh's discipleship group. He has a heart to serve and to help others understand God and His love.

Mercy Karanja

Mercy grew up in South Bend, IN and her parents are from Kenya. She earned a bachelors at Bethel College for sports management and youth ministry and has just completed an internship with Chi Alpha at Florida State University. She is full of energy and vision for God's work!

At Indiana District Council We enjoyed reconnecting with pastors and friends at this year's District Council. Thanks to our loving Purdue Chi Alpha family for the sweet Ball State XA shirts!

Boman Update

One month down, and \$600 in monthly support raised! **THANK YOU** so much to our wonderful supporters for your generosity and time spent in prayer for us. This is a season of hard work, sharing our vision with lots of people, and faith-filled waiting. **Please pray for God to speak to those we're inviting to join our team. Also pray for stamina, as we are just at the beginning!**

**\$1,835/mo
left to raise!**
