## PURDUE CHI ALPHA

### Reaching Married Couples At Purdue

Hello, dear friends and supporters! Thank you for investing in us so we can effectively invest our lives in college students!

One of our big goals for this semester has been to establish “life groups,” which are small gatherings designed to help students connect on a deeper level with others in Chi Alpha, whether they are regular members or first-time visitors. The groups discuss the message preached at the Chi Alpha meeting prior, helping to apply the scriptures to their specific context. So far, 6 groups are up and running, and each group is incorporating new people. Thank you Jesus!

The group we lead personally is the Married Couples Life Group. (Other groups: Dorm Residents, Engineering Majors, Asians, Internationals, & African-Americans.) We have really enjoyed meeting with these students, chatting about how married life and spiritual life intersect, plus having lots of fun together! We are considered the veterans, having been married a whole 6 years! Three of the couples coming regularly are undergraduates, 2 are grad students and 2 (including us) are out of college. One of the newest couples has a 2 year old, and John has been having lots of fun with her!

We have already talked to one of the graduate couples about taking over for us when we move on. We believe this group has been established for the long term, to be a blessing to many young married couples for years to come! Thanks again for making our ministry to these young people possible.
